SOURCE: GRAPHIC COMPETITIONS

Organised by Medicinal Bioconvergence Research Center (from Seoul National University), Seoulin Bio Science and Gwacheon National Science Museum, the 2016 Bio-Art Contest is a cultural event for science and art to figure out the beauty of our life and to project this beauty to artwork.

This is the 4th year event for Bio-Art Contest, and for this edition the theme is "SURVIVAL".

You may submit up to two artworks. They can be either pure art, drawing, photography, microphotography, video clip, graphic, illustration, or any other visual works.

The panel of judges are composed with important figures from various fields such as bioscience, art, education, and others. The evaluation will be done based on the levels of creativity, skillfulness, uniqueness, and the popularity.

There is no entry fee.

ELIGIBILITY

Open to anyone worldwide.

PRIZE

There will be 6 winners and 20-30 honourable mentions with a total rewards prize of 10,000,000 KRW (approx. 8,660 USD).

Moreover, there will be exhibition opportunities, including the Award from the Ministry of Science, ICT, and Future Planning.
