9th Annual Hum3D Competition

Category: [Multiple Disciplines](#)

Deadline: December 8, 2022

Website: [graphiccompetitions.com](#)

The **9th Annual Hum3D Competition** for the best Car render is the largest awards event for the car 3d modeling and visualization industry.

What you need to do: create a car 3d model, put it into 3D environment and make a beautiful render *(HDRi for sky and some small parts of landscape are permitted)*. There are no limits for your creative ideas: you can choose any automobile you like whether it is racing or imaginary vehicle.

Judges will pay attention to the visual component of your works, but this is not all that you need to win. The idea of the work is also very important for jury, as well as its presentation, complicacy (both of the model and of the scene) and quality of performance.

The contest is supported by the best companies of the 3D world, and so the prizes for the first places look amazing. Also, everyone has an opportunity to receive the additional prizes.

There is no entry fee.

Eligibility

Open worldwide to 3D artists to participate.

Prize

First prize: one-year subscription to 3ds Max, 1-year OctaneRender Enterprise All Access license, Annual V-Ray Solo or Corona license, One year subscription to Adobe Substance 3D Collection, plus so much more!
