

# Adobe Design Achievement Awards 2019

Category: [Multiple Disciplines](#)

Deadline: June 21, 2019

Website: [graphiccompetitions.com](http://graphiccompetitions.com)

The **Adobe Design Achievement Awards** celebrate creative achievement reflecting the powerful convergence of technology and the creative arts. And from this year, you no longer have to be a student to submit your work to the Adobe Awards (*but those of you enrolled in school are still eligible!*).

The competition, which showcases individual and group projects created with industry-leading *Adobe* creative software, honours the most talented and promising graphic designers, photographers, illustrators, animators, digital filmmakers, developers and computer artists.

There are six categories:

â€¢ **Photography**

â€¢ **Video**

â€¢ **Illustration**

â€¢ **Motion Graphics / Animation**

â€¢ **Print / Graphic**

â€¢ **Digital Products & Experiences**

The work must be created primarily (*50% or more*) with the *Adobe* tools designated in each category and be accompanied by original digital files in *Adobe* software if requested.

Submitted projects must have been created not earlier than *May 1, 2018*.

**There is no entry fee.**

## Eligibility

Open worldwide to any young or emerging creator (*over 18*), regardless of whether or not youâ€™re currently attending school.

## Prize

There will be just one cut in the 2019 competition, down to the top 5-10% of all entrants. These emerging creators will be the members of Adobe's "**Top Talent**" of 2019. They will all receive a free year-long Creative Cloud subscription, and they will all form an exclusive community, with special access to Adobe, eligible for additional opportunities on a regular basis, for a term of 12 months â€“ all designed to launch their creative careers.

Moreover, this year Adobe is giving a special cross-category prize this year. Use Adobe XD in your entry (*in any category*) and you'll be in the running for extra recognition. The Adobe XD team is awarding a special prize to a future design leader and bringing them to Adobe MAX to experience all things XD.
