Adobe believes that young people should have the opportunity to learn and express themselves through creativity and technology, regardless of their economic or cultural backgrounds.

To help reach untapped youth communities and foster more diversity in the design industry, the **Design Circle Scholarship** will do just that: they are awarding 10 annual college scholarships, up to \$25,000 USD per year, for each year of the recipient's undergraduate education (*up to four years or \$100,000 USD*).

The scholarship is ideal for students who want to enter product design or experience design-related careers (*e.g. digital, web, UX/UI, industrial design, or similar*). They seek to support a diverse group of students to achieve their higher education and professional development goals.

The deadline for applications is March 12, 2020.
