

Alexia Foundation 2015 Photography Grants

Category: [Photography](#)

Deadline: February 2, 2015

Website: graphiccompetitions.com

Alexia Foundation promotes the power of photojournalism to give voice to social injustice, to respect history lest we forget it and to understand cultural difference as our strength - not our weakness.

Through grants, scholarships and special projects, the *Alexia Foundation* supports photographers as agents for change. With this aim the Foundation offers production grants to **students** and **professional photographers** to give them the financial ability to produce substantial stories that drive change in the effort to make the world a better place.

The Foundation welcomes proposals for *still photography* or *multimedia projects*.

Student applicants are encouraged to consider projects that explore cultural understanding in or near their local community. While the Foundation does not discourage proposals on topics outside the students'™ region, no extra weight is given to these topics when determining winning Grant recipients. Rather, the Foundation believes applicants are more likely to complete a story closer to their school or home than one that requires travel.

Please note, the application deadline for the professional grant is *January 29, 2015*. Student grant deadline is *February 2, 2015*.

There is a \$50 fee for professional grant applications. **No entry fee for student applications.**

Eligibility

⌘ **Professional Grants:** Photographers and visual journalists from any country may apply for this Grant. Proposals for projects that have already received grants or awards of more than \$1,000 in the previous calendar year are not eligible.

⌘ **Student Grants:** Applicants must be duly enrolled full-time students in an accredited college or university in the U.S. or abroad in a degree program at the time of application as either graduate or undergraduate students.

Prize

⌘ **Student Awards:** Grants are given for First Place, Second Place and, at judges'™ discretion, Award(s) of Excellence. Grants do vary between undergraduate and graduate students. Students also get scholarship opportunities.

⌘ **Professional Award:** The professional Grant recipient will receive \$20,000 for the production of the proposed project.
