SOURCE: GRAPHIC COMPETITIONS

The Architectural Photography Awards is celebrating its tenth anniversary of being the leading architectural photography award in the industry. They invite participation from both professional photographers and keen amateurs over 6 categories:

• Exterior • Interior • Sense of Place • Buildings in Use • Transport Hubs – Portfolio category • Bridges – Moblie category

Images should be saved as jpegs at the highest quality available, with a colour profile attached. Either the RGB or sRGB colour profiles are recommended. Digital scans from film are also eligible providing they meet these technical guidelines.

Whilst no image sizes will be rejected at upload, winning images may be required to be printed, and so must be of sufficient quality to allow this. As a minimum it is advised that images measure at least 2,500 pixels on the shortest side after any cropping.

Entry fees: 1 image – £8 (£8 per image) 6 images – £30 (£5 per image) 36 images – £72 (£2 per image)

ELIGIBILITY

Open to anyone worldwide above the age of 13.

PRIZE

In this year’s awards, winners will share 4,250 USD in cash prizes and gain exposure through the World Architecture Festival.
