SOURCE: GRAPHIC COMPETITIONS

AZURE Magazine welcomes architects, designers, students, clients and manufacturers to submit to AZ Awards 2015, the fifth annual international competition honouring architecture firms and design studios for outstanding work produced in the past year.

This is an opportunity to present completed work that stands out for innovative design, environmental or social benefits or for being simply delightful. A panel of international experts in the fields of design, architecture, landscape and interiors will judge all entries.

There are six categories:

• Design • Architecture • Landscape Architecture • Interiors • Concepts • A+ Award (for students enrolled in a post-secondary design or architecture program)

All entries may be also considered for the Social Good Award and /or the Environmental Leadership Award by election.

For the Social Good Award, projects must advance social equity and have a positive impact on the collective realm. For the Environmental Leadership Award, projects must show sensitivity and respect for the use and management of natural resources throughout their lifecycle, especially with respect to materials and energy use.

Moreover, all finalists are also eligible to receive the People’s Choice Award, decided by the general public.

Entry fee: • $150 per entry • $30 for A+ student award submissions

Each entry includes a 1-year digital subscription to AZURE Magazine.

## ELIGIBILITY

The competition is open worldwide to designers and design firms from all disciplines, as well as students, manufacturers and clients for work completed by December 31, 2014.

## PRIZE

Winners will be announced at the AZ Awards 2015 Gala (scheduled for 19 June 2015 at the Evergreen Brick Works in Toronto, Canada) and featured in the AZ Awards annual on newsstands in June 2015.
