SOURCE: GRAPHIC COMPETITIONS

AZURE Magazine has announced AZ Awards 2023, an international architecture & design competition celebrating the world's best projects, products and ideas.

The AZ Awards is a unique opportunity for architects, landscape architects, designers, students, clients and manufacturers, to receive the international exposure and acknowledgement that their exceptional work deserves. Projects must have been completed on or before December 31, 2021. Products must be prototyped or in production.

Made up of international experts – architects, landscape architects and designers at the forefront of their professions – the AZ Awards jury convenes in March to review the submissions and select the winners.

Entry fee starts from 45 USD.

ELIGIBILITY

Open to anyone worldwide, as well as open to any post-secondary student enrolled in a design or architecture program in 2020.

PRIZE

All winners and shortlisted projects are published in AZURE Magazine and are featured on AZURE's and AZ Awards media partners' digital and social platforms. Also, student winner receives a 5,000 USD cash prize.
