Organised by Circle of Light Moscow International Festival - an annual event at which lighting designers and specialists in audiovisual art from various countries reinvent the architectural scene of Moscow by using video mapping - Art Vision is an international contest of 2D or 3D mapping projections on a facade of buildings playing up its geometry and architecture.

There are three main categories:

- Classic • Modern • VJing

The key requirement of the Classic category is usage of effects, artistic techniques and original ideas how to integrate the entry work with the architectural peculiarities of the facade of Bolshoi Theater. This year's theme is: Freestyle.

The key requirement of the Modern category is usage of the modern techniques, instruments, and implementation of the contemporary art, entertainment and show trends. Works may be based on generative graphics or may be a prerecorded

video clip.

The key requirement of the VJing category is that contestants perform a 10 minute VJ set to a live DJ set (background music).

The number of works by a single author or group of authors is limited to one. Dates of the live competition in Moscow: September 23 - September 27, 2017.

There is no entry fee.

ELIGIBILITY

Open worldwide to professionals, students, creative teams, design studios, etc.

PRIZE

Winners are awarded with certificates of three types:

- Winner Certificate • Runner-up Certificate • Second Runner-up Certificate

Moreover, Special Certificates are prepared by the Festival Organizing Committee to support the video mapping works included in the competition list.
