Enter the most prestigious competition for creativity in photography, the Communication Arts Photography Competition.

Selected by a nationally representative jury of distinguished designers, art directors and photographers, the winning entries will be distributed worldwide in the Communication Arts Photography Annual, in print and on the iPad, and on commarts.com, assuring important exposure to the creators of this outstanding work. As a service to art directors, designers and art buyers, a comprehensive index will carry contact information of the photographers represented.

There are nine categories:

• Advertising (ads, posters, CDs, packaging, etc.) • Books (cover/jacket and/or interior, must be published) • Editorial (consumer or trade magazine, newspaper) • For Sale (poster, print, note paper, greeting card, licensing/stock, gallery sale, etc.) • Institutional (company/association publication, brochures, collateral, etc.) • Motion/Cinematography (time-based media for film, television, video or Web) • Self-Promotion (promotion for photographers, creative firms and vendors) • Unpublished (commissioned but not published, personal work, etc.) • Student Work (any project created for a school assignment)

Each photograph is a single entry. Campaigns or series are limited to five photographs. Any digital files you might want to submit saved as RGB (not CMYK) JPG format (maximum 1024 pixels wide X 768 pixels high, 72dpi).

Please note, entries must be registered no later than March 10, 2017. Entries registered after that date require a late fee of 10 USD per entry. No entries can be registered after March 24, 2017.
