

Environmental Photography Award 2022

Category: [Photography](#)

Deadline: March 20, 2022

Website: graphiccompetitions.com

The Prince Albert II of Monaco Foundation Environmental Photography Award was launched in 2021, in honour of the Foundation's 15th anniversary. This annual award was created with the aim to reward photographers who put their creativity to good use in raising awareness on environmental protection.

Photographers will be invited to reflect on our relationship towards nature and interrelation between human health and planetary health.

There are five categories:

- Polar Wonders
- Beneath the Canopy
- Life Under the Surface
- Humanity Versus Nature
- Towards a Sustainable Future

Photographers can enter up to 5 images in each of the 5 categories, allowing therefore for a maximum of 25 images in total.

There is no entry fee.

Eligibility

Open worldwide to photographers aged 18 or over on 20th March 2022.

Prize

The Grand Prize Winner will receive:

- 5,000 EUR grant
 - Invitation (*including travel and accommodation*) to visit the Amazon Research Station of the University of Ecuador, and to do a photo documentary in the field, in the heart of the Ecuadorian jungle
 - Invitation (*including travel and accommodation*) to the inauguration of the 2022 award exhibition in the Principality of Monaco
-
