DETAILS / KEEP FOR REFERENCE

SOURCE: GRAPHIC COMPETITIONS

FabAllThings, an online platform for design lovers and makers, is organising a new design call. Members can submit designs, everyone votes, and then FabAllThings will make and sell the winning entries, splitting the profits with the selected designers.

In this call for entries they are looking for new designs for Coasters and Tablemat sets. Submission can be in any form:

• Sketches • Photos • Drawings • Graphics When submitting a design note that FabAllThings will be using lasercutting and etching on 3.2mm thick cherry veneer composite to make these coasters and tablemats. Please also remember that engraving on wood comes up black.

The coasters and tablemats may be any shape. Max dimensions for an individual table mat: 30cm square. Max for an individual coaster: 10cm square.

Entrants keep the intellectual property rights of their design.

There is no entry fee.

ELIGIBILITY

This design call is open to everyone worldwide.

PRIZE

The top voted submission when voting closes will receive a prize of 150 Euro. If the design is manufacturable, the designer will have the option of partnering with FabAllThings and receiving royalties on the sales of their design.

FabAllThings will also choose a number of wildcards, who will also have the option of partnering with company and receiving royalties on the sales of their design.
