SOURCE: GRAPHIC COMPETITIONS

This year, photographers and basketball lovers may submit their photos that best illustrate the theme Urban Culture & Basketball.

Basketball is part of urban culture and lifestyle. It is expressed through its public playgrounds. Its players take pride in their style. They embrace values and norms such as freedom, fair play, equality of races and genders. Street and urban fashion as well as music and art trends often have their origin here. They are sisters & brothers with street dancers, skaters, parkour and graffiti artists.

Each participant can submit a maximum of three pictures. The only alterations permitted is the modification of certain parameters (Saturation, contrast, sharpness, temperature of colours, balance of whites and colours) as well as eliminating noise.

There is no entry fee.

ELIGIBILITY

Open to everyone regardless of age, nationality and country of residence.
