APR Magazine is pleased to invite all architects, students, engineers, designers and artists to take part in the **Global Future Design Awards 2021**.

Established in 2016, the GFD 2021 Award is one of the world's most prestigious awards for high-rise architecture. It recognizes outstanding ideas that redefine Architecture design through the implementation of novel technologies, materials, programs, aesthetics, and spatial organizations along with studies on globalization, flexibility, adaptability, and the digital revolution. It is a forum that examines the relationship between architecture and the natural world, architecture and the community, and architects and the city.

The 2021 Awards will be judged by two stellar panels: one for design, the other for architecture. Each of the panels will be compiled of industry experts who will use their insight and experience to deliberate the results.

The entry fee starts from 199 USD.

Eligibility

Open worldwide to all architects, students, engineers, designers and artists.

Prize

The Global Future Design Awards deliver unprecedented exposure for the finalists and winners. Award winners will be announced in September 2021.
