Golden Pin Design Award 2026

Category: Multiple Disciplines
Deadline: June 15, 2026
Website: graphiccompetitions.com

The Golden Pin Design Award 2026 is one of Asia's most influential international design competitions, organised in Taiwan to celebrate outstanding commercial design and innovation. It recognises exceptional work across product design, communication design, spatial design, and integrated design, highlighting projects that successfully bring creativity into real-world application. By focusing on market-ready solutions, the award emphasises the value of design as a driver of business success, user experience, and cultural impact in the global design industry.

Positioned as a key platform for global designers, brands, and creative agencies, the Golden Pin Design Award connects talent from around the world with the dynamic Asian market. It encourages cross-cultural exchange and showcases design projects that respond to evolving social, technological, and environmental challenges. Through a rigorous judging process led by international experts, the award identifies work that demonstrates originality, functionality, sustainability, and strong commercial viability, making it highly respected among professionals in industrial design, graphic design, architecture, and brand development.

Beyond recognition, the Golden Pin Design Award offers participants valuable opportunities for international exposure, industry networking, and business growth. Winning entries gain visibility through global media coverage, exhibitions, and promotional platforms, helping designers and companies expand their reach and strengthen their brand presence. As a result, the award serves not only as a mark of design excellence but also as a strategic gateway for entering Asian markets, fostering innovation, and elevating the global competitiveness of designers and creative enterprises.

Entry fee: NT$9,000 per entry (NT$7,000 early bird).

Eligibility
Open globally to businesses and design teams submitting commercially available products or completed design projects (while a parallel concept award is open to unrealised ideas by students, designers, or companies).

Prize
Winners receive the Golden Pin Design Award mark and international recognition, with selected projects advancing to compete for the top "Best Design Award," while benefits include global media exposure, exhibition opportunities, networking and business matchmaking, and increased market visibility; additionally, in the related Concept Design Award, top winners receive cash prizes of NT$300,000 each to support development of their ideas.
