The Hiii Illustration International Competition, now in its eleventh iteration, stands as a globally revered platform in the field of illustration. Attracting a diverse range of participants, including illustrators, creative professionals, agencies, educators, and students from all corners of the world, this competition is dedicated to discovering and celebrating exceptional talent in illustration. With its inception in 2012, the event has steadily grown in prominence, marking its footprint as a pivotal force in advancing the international illustration landscape.

Spanning over a decade, the Hiii Illustration International Competition has evolved into a beacon of excellence within the creative industry. It has successfully garnered participation from over 100 countries, receiving more than 26,000 submissions to date. The competition is noted for its extensive scale, showcasing high-quality works that reflect the current trends and innovations in illustration. The involvement of more than 60 international judges from five continents each year adds to its prestige, ensuring a broad and inclusive perspective in the evaluation process.

In its 2023 edition, the Hiii Illustration International Competition introduces four distinct categories: A-Commercial, B-Publishing, C-Children's Book, and D-Uncommissioned, catering to a wide range of illustrative works. This variety not only enhances the competition's appeal but also provides a comprehensive platform for artists to showcase their unique styles and skills. With a distinguished panel of international judges, the competition is set to select winners for various prestigious awards, including the Grand Prix, Best of the Best, and Merit Awards. This event is not just a competition; it's a celebration of the rich and diverse world of illustration, offering unparalleled exposure and opportunities for artists worldwide.

Entry fee details are provided to participants who pass the first round of judging.
