SOURCE: GRAPHIC COMPETITIONS

The main goal of INDUSTART, the first Ukrainian International Contest of Industrial Design, is to find talented objective designers from all over Europe and give them the opportunity to realize themselves, and also to establish a unique European ranking of creativity.

The INDUSTART contest includes the contest itself and annual events as a part of the contest on the Ukrainian territory and abroad.

There are seven available contest nominations:

• Furniture design • Equipment design • Lighting design • Computer equipment and consumer electronics design • Transport design • Design of decor in the interior • Jewelery and accessory design

The jury will evaluate works, taking seriously the realized projects and concepts through the spectacle of design art and in the context of the industrial objects perspective. The realized projects, design concepts and student works will be observed separately in each nomination.

Entry fee is 20 EUR (approx. 22 USD). Entry fee for students of higher and secondary education institutions 10 EUR (approx. 11 USD).

ELIGIBILITY

Open to experts and students of higher and secondary education institutions aged 18 - 45 from all over Europe.

PRIZE

The Festival INDUSTART will run from 26 October to 31 October 2015. Contest top prize: Wacom Cintiq 13HD.
