Infected By Art's annual book contest connects artists to a global audience through its online public submission and viewing process. They are seeking the best artwork in the genre of imaginative realism, i.e. Sci-Fi/Fantasy/Horror.

All mediums are accepted including traditional painting, digital painting, drawing and sculpture. The Jury Panel is comprised of five individuals entrenched in the creation of imaginative realism artworks; Dan Chudzinski, Justin Gerard, Don Maitz, Stephan Martiniere and Annie Stegg Gerard. They will select the most deserving images for publication in the IBA8 book and pick the top artworks for Cash prizes.

Images must be in JPG, BMP, GIF or PNG, and must be no smaller than 1MB per image. There is no minimum or maximum image size, however, if your image(s) is selected you will be asked to provide a hi-res image.

Artworks should have been created in the last two years, since September 2017. Artists retain full copyright control over their images.

Artists are allowed to submit up to 10 works of art. Each entry costs 12 USD, with the 5th and 10th being free of charge.

ELIGIBILITY

Open to professional and emerging artists from all over the world.
