SOURCE: GRAPHIC COMPETITIONS

Clip on your pedals and saddle up for the fourth edition of the International Festival of Sports Cartoons.

This year the Cartoon Festival, organised by Sportimonium Museum of Sport in Belgium, pays tribute to cycling, one of the most popular sports and omnipresent in the media.

The subject may be interpreted very broadly: the Tour de France, with its publicity cars; cyclo-cross, in wintry conditions; or track cycling. Obviously, cycling icons like Merckx, Cancellara, Boonen, or the first Polish world champion Kwiatkowski, also play also an important role in the story of cycling.

The drawings shall have the following dimensions: 210 x 297 mm (DIN A4). Digital entries are also welcome (if your digital entry is selected you will be requested to send your original work).

Each contestant can provide up to 5 cartoons. The cartoons shall not have been exhibited or published before.

There is no entry fee.

ELIGIBILITY

The contest is open to any person worldwide.

PRIZE

A jury will select the works for the exhibition and will award the following prizes:

• First place: 600 Euro (approx. 730 USD) • Second place: 400 Euro (approx. 490 USD) • Third place: 250 Euro (approx. 305 USD)
