来源: GRAPHIC COMPETITIONS

The Document Foundation is calling for designers around the world to submit ideas for a new identifier for the LibreOffice Community.

The design should be completely new and available in two colours (to reduce printing costs, if necessary), and in full colour. There is no restriction whether it's a true mascot or just a symbol.

Proposals should reflect the following metaphors:

- Freedom/Openness • Speed/Improvement • Intelligence • Cuteness / Seven lives

All submissions should follow official LibreOffice branding guidelines and be provided under the CC0

license to maximise their use by the community. Results will be filtered by a commission named by the Board of Directors and voted by the community.

There is no entry fee.

ELIGIBILITY

Open to anyone worldwide.

PRIZE

Authors of the top three proposals will get the following prizes:

- 1st: Slimbook KATANA Intel i5 • 2nd: Nextcloud box with Raspberry Pi 3 • 3rd: Nitrokey Pro 3
