Digital art has made significant strides in the last few years. Ten One Design (a small design team creators of the Pogo pens) is proud to be a part of the movement, and this Pogo Art Contest is their way of celebrating.

There are four categories:

• Current Events - For anyone who is posting satirical or thoughtful explorations into world events, politicians, news of the day, journalistic.

• Wildly Creative - This is for out-of-the box thinking, such as using an app not necessary or intended for making art. Or using a variety of apps (app mashing) in a very creative way. Something that no one has done before. Also could include collaborative efforts with more than one artist.

• The Way You See It - Representational, realistic/impressionistic art goes here; this includes landscapes, still lifes and portraits of people, aliens and pets.

• Obviously Abstract - No explanation needed.

Upload your artwork no larger than 8mb in size. You may enter as often as you like, but each submission must be unique. Submissions must be 100% your original work, and must be made using a Pogo-branded pen.

There is no entry fee.
