SOURCE: GRAPHIC COMPETITIONS

Out with the old, in with the new! It’s time for all talented designers to participate in another Printify Design Competition packed with great prizes.

Printify is challenging you to create 7 unique designs in 7 days. Each day, you will get a new task, where you get to show how creative you can get. At the end of the week, the most upvoted design owner will win 1000 USD.

The challenge will take place from February 01 until February 08, 2022.

Participants keep 100% ownership rights for all designs submitted to the contest. Printify and other contestants do not have any ownership or rights to use your submission.

Your designs will be reviewed by industry experts and fellow design professionals. This is your chance to get prizes, test your skills in graphic design, or even start your own print-on-demand business.

There is no entry fee.

ELIGIBILITY

Open worldwide to anyone 18+.

PRIZE

The most upvoted design owner will win 1000 USD. There will also be other prizes for the top other leaders.
