

Ro Plastic Prize 2022

Category: [Multiple Disciplines](#)

Deadline: January 20, 2022

Website: graphiccompetitions.com

The **Ro Plastic Prize** wants to engage the Designer and Creatives Communities to give new life to Plastic Waste and all others kind of Waste, by exploring their endless possibilities of transformation.

It aims to involve an increasingly broad public challenging worldwide communities of designers, innovators, entrepreneurs, startupper, changemakers, creators, scientists, researchers, developers and communication experts who are passionate about creating extraordinary impact by proposing solving projects in the field of re-Waste.

For the 2022 edition, the Ro Plastic Prize identifies three new categories representing common high priority nodus on Plastic Waste and all-kind of Waste, asking important involvement on technological and innovative solutions.

There is no entry fee.

Eligibility

Open to creatives from all countries, backgrounds, curricula and ages. For minors, a written consent from a legal guardian could be sought.

Prize

10.000 EUR (approx. 11,310 USD) will be awarded to each competition category winner, for use in the development, implementation and realisation of the submitted project. Finalists will be also invited to bring their projects to an exhibition at Milan Design Week 2022.
