SOURCE: GRAPHIC COMPETITIONS

VIEW Conference, the premiere international event in Italy on Computer Graphics, Interactive Techniques, Digital Cinema, 2D/3D Animation, Gaming and VFX, is now calling for entries for the VIEW Award 2015 Competition.

After the international success of the past editions, the 2015 contest is ready to widen its scope with new themes, new subjects and new contestants. As the last few years, VIEW will include both students and non-students works.

There are three categories:

• Animation • Documentary • Experimental

All entries must have been completed from 2014 to 2015 to be eligible. Duration: maximum length is 30 minutes. Both individual and group projects are accepted.

There is a 10 euro fee if you submit via festhome (this is the easiest way to submit), otherwise you can submit by sending your physical video for free.

ELIGIBILITY

Any animated short from all over the world with 2D/3D animation and VFX, that is from 2014 to 2015, is eligible.

PRIZE

Winners will receive prizes in cash, technology and paid internships.

The 16th International Computer Graphics Conference - View Conference - is scheduled for 19-23 October 2015 in Turin, Italy.
