The 4th edition of â€œWe Want Jazzâ€ International Poster Competition is looking for posters on the theme "Make jazz not war".

« Moved and taken over by Russia’s attack on Ukraine, we decided that there could be no other topic of the competition than "Make jazz not war". We realized how important music and culture are. How much music, and jazz in particular, can and does bring joy and positive energy. We realized that in these difficult times, jazz can be a mainstay of normality, because it lies at the opposite extreme to the atrocities and suffering caused by war. »

Each participant may submit a maximum of 3 posters, 70x100 cm (vertical).

There is no entry fee.
