

World Food Day Poster Contest 2017

Category: [Students Only](#)

Deadline: November 10, 2017

Website: graphiccompetitions.com

Co-organised by the *Food and Agriculture Organisation of the United Nations* (FAO) and the *United Nations Women's Guild* in Rome, this contest asks children and youth between the ages of **5 and 19** to design, draw or paint a poster based on the theme "**Change the future of migration. Invest in food security and rural development.**"

The world is on the move. More people have been forced to flee their homes than at any time since the Second World War due to increased conflict and political instability. But hunger, poverty, and an increase in extreme weather events linked to climate change are other important factors contributing to the migration challenge.

Three-quarters of the extreme poor base their livelihoods on agriculture or other rural activities. Creating conditions that allow rural people, especially youth, to stay at home when they feel it is safe to do so and to have more resilient livelihoods, is a crucial component of any plan to tackle the migration challenge.

The competition is divided into four categories:

• **ages 5 to 8**

• **ages 9 to 12**

• **ages 13 to 15**

• **ages 16 to 19**

Poster entries may be drawn, painted or sketched using **pens, pencils, crayons or charcoal**, or using **oil, acrylic or watercolour** paint, as well as **mixed media**. Digitally created artwork is also permitted. No photographs are allowed. Only one entry per person. Only digital files saved as a JPEG will be accepted.

There is no entry fee.

Eligibility

Open worldwide to children and youth between the ages of 5 and 19.

Prize
