World Wide Art Los Angeles is an international fine art show that will serve as a visual montage of influential fine art in 2014, as it exists across the globe.

Art is not bound by one medium or movement and is pursued regardless of power or profit. In this spirit, World Wide Art Los Angeles will be inclusive of both classic and contemporary art forms, united for the unique purpose of reflecting this moment in art.

Art also provides an elegant voice that influences major issues across the world. It not only reveals the identity of a culture, but functions within the culture as the utmost medium in raising awareness over major issues and new ideas circulating that community.

World Wide Art Los Angeles invites you to share in an art experience that transcends borders and honors the universal pursuit of creative expression.

Fees depends on booth size and type entry.
