YouFab is a global award that recognises and celebrates creative works and inventions that stem from powerful collaborations between digital and physical fabrication.

The award calls for submissions that leverage both the digital and physical. These submissions can be anything from products, art, architecture, or intangible projects such as performing arts, events or workshops.

A condition of entry is that the submitted work be in its completed/operational form created with such machines as digital fabrication tools and not left in the conceptual phase of design plans or proposals. Submissions can be something that has already been launched, or something yet to be unveiled.

There is no limit to the number of entries you can submit. Copyright of the submitted works belong to

the entrant.

There is no entry fee.

ELIGIBILITY

Entry to the Awards is open to everyone (businesses can also enter).
