

3x3 International Illustration Awards 2023

Category: [Illustration](#)

Deadline: April 7, 2023

Website: graphiccompetitions.com

Now entering its twentieth year judging the world's best contemporary illustration, 3x3 Magazine is looking to spotlight the best contemporary international artists they can find and encourage a new focus on the use of illustration by the global editorial, advertising and design communities.

There are two main categories: Professional Show and Student Show.

3x3 Magazine is looking for fresh ideas that enlarge the scope of illustration, images that engage us, that make us think, that make us appreciate more fully the craft of illustration. It celebrates those image-makers that are either on the brink of greatness or those who continue to prove themselves year after year.

Please note: with all the discussions happening around AI-generated artwork, know that you can submit only illustrations where the illustrator or their representative or publication hold the copyright. As we understand, AI-generated images cannot be copyrighted, artists only have usage rights.

Entry fees start at 15 USD and vary depending on the Show entered and the type of work submitted. Entries uploaded after 31 March 2023 will be assessed a 10 USD per entry late fee.
