

4th International Poster For____. Competition

Category: [Graphic Design](#)

Deadline: August 31, 2025

Website: graphiccompetitions.com

The 4th International Poster For____. Competition serves as a dynamic international platform, inviting designers, artists, illustrators, and creative professionals from across the globe to craft powerful visual messages addressing some of today's most urgent global issues. Participants are challenged to explore critical themes such as climate change, technological advancements, cultural heritage, and the United Nations' 17 Sustainable Development Goals (SDGs). This competition harnesses the influential language of design to communicate essential messages, spark meaningful conversations, and inspire positive action within communities worldwide.

Entrants are encouraged to push creative boundaries and leverage innovative graphic design techniques to effectively convey their messages, with categories ranging from "Poster for Climate" to "Poster for Technology" and "Poster for Culture." By emphasizing impactful storytelling and visual ingenuity, the competition empowers both established and emerging creators to present fresh perspectives on pressing social, environmental, and cultural topics. Through this visual dialogue, participants contribute significantly to global awareness, making complex issues accessible and engaging to diverse audiences.

Beyond fostering creativity and raising awareness, the 4th International Poster For____. Competition also offers unparalleled opportunities for recognition and exposure. Winning and shortlisted designs are showcased in high-profile exhibitions around the world, including prominent displays in Times Square, New York City, effectively elevating the global visibility of participating artists. The competition also creates lasting impact by featuring awarded posters permanently online, providing an ongoing platform for designers to gain international recognition, build their professional portfolios, and connect with a broader community of socially-conscious creators.

Entry fee: \$40 per submission.

Eligibility

Open to designers and artists worldwide, including aspiring young professionals and students aged 19 and below.

Prize

The golden winner in each category will receive a trophy, and all awarded designers will receive an Award Certificate via email. Additionally, more than 200 awarded and selected designers will have their work showcased in exhibitions, including at least three in Times Square, New York City. Their work will also be permanently featured on the PosterFor's website, gaining significant visibility and recognition.
