Established in 2019 by the Farmani Group, the award highlights exceptional creativity, innovation, and execution in visual communication across multiple disciplines. The C2A aims to provide a global platform for visionary designers, agencies, freelancers, and students to showcase their work and gain industry-wide recognition. By honouring cutting-edge design, strategic messaging, and impactful storytelling, the competition fosters excellence in the ever-evolving world of creative communication.

The C2A welcomes entries from professionals and emerging talent worldwide, spanning a broad spectrum of categories, including graphic design, web and app design, advertising, typography, photography, and packaging design. With a focus on originality, effectiveness, and aesthetic quality, the competition celebrates projects that push the boundaries of traditional communication while delivering compelling and meaningful messages. Entrants benefit from international exposure, industry credibility, and the opportunity to have their work evaluated by a distinguished panel of judges, consisting of leading experts in design, marketing, and digital media.

Winning the Creative Communication Award is a prestigious achievement that enhances credibility and opens doors to new professional opportunities. Winners receive the exclusive C2A Winner Seal, a Certificate of Achievement, and a prominent feature in the annual C2A Book of Creative Communications, which showcases the best creative projects from across the globe.
