Founded in 2010, **beyond tellerrand** is a conference about creative web design and development and much more. Its ninth edition will run in **Düsseldorf**, Germany, 13-15 May 2019.

The name *beyond tellerrand* expresses the aim, that everybody involved wants to look a bit further, beyond the edge. The expression is a mix of the English word "beyond" and the German phrase "Über den Tellerrand schauen," which means "Think outside the box". The exact translation for the sentence is "Take a look beyond the edge of the plate".

This philosophy is applied through two inspiring days with talks and one day with workshops on design, technology and inspiration.

Tickets start at 279 Euro.
