Concrete In Life 2023 Photography Competition

Category: Photography
Deadline: November 15, 2023
Website: graphiccompetitions.com

Concrete in Life 2023 Photography Competition is a prestigious international event that invites photographers from all corners of the globe to capture the ubiquitous presence of concrete in our daily lives. Concrete, as one of humanity's most widely used human-made materials, plays an integral role in shaping our modern world. It forms the very foundations of our homes, workplaces, roads, and bridges, offering durability, safety, and sustainability. This annual competition celebrates the versatility and significance of concrete, recognizing its pivotal role in infrastructure development, sustainable construction, and artistic design.

The competition provides a unique opportunity for both amateur and professional photographers to showcase their talent and creativity by highlighting concrete's diverse applications. Whether it's the sleek lines of an urban skyscraper, the intricate beauty of a concrete sculpture, or the rugged resilience of a rural infrastructure project, Concrete in Life 2023 invites participants to capture the essence of this essential material in their own unique way. This event fosters a global community of photographers and enthusiasts who share a passion for discovering the artistry, innovation, and human interaction inherent in concrete.

Concrete in Life 2023 Photography Competition is not just a showcase of artistic expression but also a platform for raising awareness about the crucial role concrete plays in our daily existence. Through the power of photography, this competition seeks to inspire a deeper appreciation for this ubiquitous material, shedding light on its multifaceted impact on society and the environment.

There is no entry fee.

Eligibility

Open only to individuals aged 18 or older at the time of registration.

Prize

The winning photo will receive a prize of $10,000, while winners in each of the four categories (Urban design and use, Concrete Infrastructure, Concrete in Daily Life, and Beauty and Design) will each receive $2,500. Additionally,

there is a People’s Choice award where the public can vote for their favorite photo from the shortlist, and the winner of this award will receive $5,000. If an entrant wins multiple prizes, they will only receive the value of the highest prize, not both.
