

Discount Displays Design Competition

Category: [Students Only](#)

Deadline: September 30, 2019

Website: graphiccompetitions.com

Following on from their successful scholarship programme last year, [Discount Displays](#) wants to give a similar opportunity to students this year.

They are asking college students, undergraduate university students and postgraduate students to draw on their subject knowledge, inspiration from their course and their creative flair to create an eye-catching and inspirational design which could be used on a pop-up display, often seen at university open days and events.

The objective is to design a pop-up stand that promotes the student's relevant course and appeals to prospective students while taking into consideration the brand and identity of their university.

All submissions should be sent from an educational institutes email address. If you don't have access to a relevant email address, then please send proof of enrolment to your university.

One entry per applicant.

There is no entry fee.

Eligibility

Open to all college or university students, and all applicants must be attending a UK based educational institute.

Prize

Winners will be chosen from the *Discount Displays* judging panel based on the design that has best fulfilled the brief. As well as **cash prizes**, *Discount Displays* will help to promote students and their design portfolio by showcasing them on their blog and social media platforms.
