Helsinki Design Week is the largest design festival in the Nordic countries. Held annually in September, the multidisciplinary festival presents design from a number of fields as well as fashion, architecture and urban culture.

This year's dates are *5–15 September 2019*.

The theme of 2019 is **Learning Climate**. The Learning Climate consists of not only places and spaces, but also of the communities and practices in which studying it takes place. Helsinki Design Week creates an open, encouraging, respectful as well as surprising climate for learning.

Moreover, this year's Helsinki Design Week offers more to do and see for the young ones with **Children's Design Week**.
