

Our World Is Kind 2022 Photography Contest

Category: [Photography](#)

Deadline: May 15, 2022

Website: graphiccompetitions.com

Envision Kindness is looking for images showing acts of kindness and caring from all over the world. The contest is free to enter and will award over **2,000 USD** in cash prizes. There are special award categories, too, including for non-profit work and caring during the pandemic.

The well-established science behind all of this is that kindness creates meaningful, positive interpersonal connection. Connection reduces stress, promotes resilience, and generates happiness as well as more kindness. It turns out that simply seeing kindness activates the same neuropsychology that doing kindness brings.

Images of kindness can be either as they occurred (*documentary style*) or as they are conceived of (*or recreated*) to illustrate concepts or past events. The submissions are only as limited as the creativity of the photographer.

Participants may submit up to 5 entries total.

There is no entry fee.

Eligibility

Open to anyone worldwide 18 years of age and older.

Prize

There will be seven prizes awarded. First Place will receive a cash prize of **500 USD**.
