The fourth international **Torino Graphic Days**, an international festival dedicated to visual communication, will be held *October 3-6, 2019* in Turin, Italy. Four days of workshops, talks, performances, exhibitions and a market fair will bring to Turin the best of the visual design field.

The new program of the festival will be released in a few months. *We'll update this article as soon as we'll have more news.*

The festival will deal with all the aspects of graphic design: from handcrafted techniques, like engraving, to the artistic fieldâ€™s ones, like illustration and sign painting and to contemporary sectors like branding and animation.
